

Foresight

HYDROGEN LIVE - 2023

EVENT PROGRAMME

CONFERENCE - EXHIBITION - NETWORKING

8 + 9 FEB

LIVERPOOL

WELCOME:

Foresight Hydrogen Live 2023 is an international conference, exhibition and networking event bringing the hydrogen ecosystem from around the world.

Liverpool, located in the Northwest of England, plays host to the country's leading Hydrogen cluster and therefore plays a fitting location for the global Hydrogen community.

The event will provide the opportunity for the global Hydrogen ecosystem to share thought leadership, highlight leading projects, build relationships, attract investment, shape future policy and advance hydrogen economies.

The event aims to transform Hydrogen into a serious global force to deliver NetZero, expand our economic boundaries, create jobs and secure a sustainable future for all.

The impact of Hydrogen across energy, industry, buildings and transport provides a realistic solution to decarbonise these hard to abate sectors and Foresight Hydrogen Live plans to prove it.

PLATINUM SPONSORS:

Compressors for a Lifetime™

Lhyffe

A Linde company

SUPPORTERS:

08:20 -> EVENT OPENS

The opening of Foresight Hydrogen Live will include a brisk registration upon entry, coffee and breakfast bites and access to the exhibition

09:20 -> 11:00 -> SESSION ONE

MODERATOR:

Tom Houghton, Partner - E4Tech

09:20 -> 09:30 -> PRESENTATION

Liverpool City Region: The Road to NetZero

Steve Rotherham

Mayor of Liverpool City Region

Liverpool City Region Combined Authority

09:30 -> 09:40 -> PRESENTATION

Electrolytic Hydrogen Allocation Rounds

Rob Cullinane

Senior Policy Advisor

BEIS

09:40 -> 09:55 -> PRESENTATION

Blueprint for Delivering a Regional Hydrogen Cluster

Chris Manson-Whitton

CEO

Progressive Energy

09:55 -> 10:15 -> PANEL DISCUSSION

Future Policy and Strategies to Support the Growth of HyNet and Hydrogen Cluster Projects

Steve Rotherham
Metro Mayor
Liverpool City Region Combined Authority

David Parkin
Project Director HyNet
Progressive Energy

Rob Cullinane
Senior Policy Advisor
BEIS

10:15 -> 10:30 -> PRESENTATION
Updates and Developments from Vertex Hydrogen

Joseph Seifert
CEO
Vertex Hydrogen

10:30 -> 11:00 -> PANEL DISCUSSION
**Connecting Large Scale Hydrogen Production
with Industrial End-Users**

Joseph Seifert
CEO
Vertex Hydrogen

Chris Manson-Whitton
CEO
Progressive Energy

Oliver Harry
Head of Corporate Affairs
Encirc

11:00 -> 11:30 -> NETWORKING BREAK

11:30 -> 13:00 -> SESSION TWO

11:30 -> 11:45 -> PRESENTATION
Hydrogen Market Evolution in an Electrified UK

Tony Smith
Advisor - Hydrogen, CCUS and Low Carbon
Peel L&P Environmental

11:45 -> 12:15 -> PANEL DISCUSSION
**Deployment of Electrolytic Hydrogen in the
HyNet region**

Adam Baddeley
Head of Project Delivery
Progressive Energy

Darrell Jones
Director
Northern Valve & Fitting Company Limited

Joseph Howe
Chair
North West Hydrogen Alliance

12:15 -> 12:30 -> PRESENTATION
Getting Water to Holland Hydrogen 1

Colin Robinson
UK Manager
Evides

12:30 -> 12:45 -> PRESENTATION
**Installing a Green Hydrogen Production Plant in
Sines**

Miguel Matias
CEO
Self-Energy

12:45 -> 13:15 -> PANEL DISCUSSION

Planning Hydrogen Production Projects and
the Importance of Factoring Water Supply and
Infrastructure

Colin Robinson
UK Manager
Evides

Miguel Matias
CEO
Self-Energy

Mark Griffin
Head of Hydrogen Market Development
Scottish Power

13:15 -> 14:00 -> LUNCH

14:00 -> 15:30 -> SESSION THREE

MODERATOR:

Russell Cullen, Partner - ERM

14:00 -> 14:15 -> PRESENTATION

How to Ensure Hydrogen Production - Reliable
Compression Technologies for High Pressure
Applications

Andreas Kretschmer
Sales Manager H2 for Mobility & Energy
Burckhardt Compression (UK) Ltd

14:15 -> 14:30 -> PRESENTATION

Producing Green Hydrogen to Decarbonise
Industries, Heavy Transport and Heat Homes

Noelle Jupille
Hydrogen Business Developer
BP

14:30 -> 15:00 -> PANEL DISCUSSION
Producing Green Hydrogen to Decarbonise
Industries, Heavy Transport and Heat Homes

Andreas Kretschmer
Sales Manager H2 for Mobility & Energy
Burckhardt Compression (UK) Ltd

Noelle Jupille
Hydrogen Business Developer
BP

Ian Livingston
Low Carbon Solutions
Equinor

Silvia Baltac
Senior Principal Consultant
Element Energy

15:00 -> 15:15 -> PRESENTATION
Sharing Experience from Practical
Demonstrations to Support Hydrogen End-Users
and Pathways to Decarbonisation

Wayne Bridger
UK Sales Manager Applications
BOC

15:15 -> 15:45 -> PANEL DISCUSSION
Advancing your Energy Transition: Invest Early,
Build Knowledge and Reduce Costs in the Long
Term

Wayne Bridger
UK Sales Manager Applications
BOC

Karl Whittle
Professor Zero Carbon and Nuclear Energy
University of Liverpool

Bassem Zaki
Head of Partnerships and Acquisitions
SSE Thermal

15:45 -> 16:15 -> NETWORKING BREAK

16:15 -> 17:45 -> SESSION FOUR

16:15 -> 16:30 -> PRESENTATION
Green Hydrogen and the Road to Net Zero

Boris
UK Country Manager
Lhyfe Hydrogen

16:30 -> 17:00 -> PANEL DISCUSSION
Hydrogen and the Road to Net Zero for Industrial
End-Users

Colin Brown
Business Development Manager
Lhyfe Hydrogen

Brett Ryan
Head of Policy and Analysis
Hydrogen UK

Rob Wallace
Hydrogen Development Manager
ESB

17:00 -> 17:15 -> PRESENTATION

**Building Resilient Net-zero Industrial Clusters
with Hydrogen and CCS**

Nixon Sunny

Research Assistant - Centre for Environmental Policy
Imperial College London

17:15 -> 17:30 -> PRESENTATION

**Sky-blue Hydrogen Production: a game-changing
concept for Gas Resource Holders**

Belinda Perriman

Low Carbon Consultant
PHC

17:30 -> 18:00 -> PANEL DISCUSSION

Low Carbon Hydrogen Supply from Methane

Nixon Sunny

Research Assistant - Centre for Environmental Policy
Imperial College London

Robert Jolly

Blue Hydrogen Business Manager
Johnson Matthey

Belinda Perriman

Low Carbon Consultant
PHC

Ian Livingston

Low Carbon Solutions
Equinor

18:00 -> NETWORKING EVENT

08:20 -> EVENT OPENS

The opening of Foresight Hydrogen Live will include a brisk registration upon entry, coffee and breakfast bites and access to the exhibition

09:20 -> 11:00 -> SESSION ONE

MODERATOR:

Michael Dolman, Partner - Element Energy

09:20 -> 09:30 -> PRESENTATION

Advancements within Hydrogen to Decarbonise the Aviation Sector

Greg Easter
Head of Aviation Decarbonisation Technology
Department for Transport

09:30 -> 09:45 -> PRESENTATION

LCRCA - Our Green Hydrogen Vision

Martin Land
Project Director
Liverpool City Region Combined Authority

09:45 -> 10:15 -> PANEL DISCUSSION

The Power of Maritime and Offshore Hydrogen Production

Martin Land
Project Director
Liverpool City Region Combined Authority

Derek McGlashan
Head of Environment
Port of London Authority

Mark Griffin
Head of Hydrogen Development
Scottish Power

10:15 -> 10:30 -> PRESENTATION
**Manufacturing Hydrogen Hardware:
Transitioning from Product Development Towards
Industrialisation**

Stuart Dawson
Chief Engineer - Hydrogen
University of Sheffield AMRC

10:30 -> 11:00 -> PANEL DISCUSSION
**Manufacturing Technology in the UK to Support
the Hydrogen Transport Sector**

Stuart Dawson
Chief Engineer - Hydrogen
University of Sheffield AMRC

Richard Halsey
Capabilities Director
Energy Systems Catapult

Chris Jones
Automotive Trend Strategist
Advanced Propulsion Centre

11:00 -> 11:30 -> BREAK

11:30 -> 13:00 -> SESSION TWO

11:30 -> 11:45 -> PRESENTATION
**The Greater Manchester Local Green Hydrogen
Vision**

Amer Gaffar
Director
Manchester Fuel Cell Innovation Centre

11:45 -> 12:00 -> PRESENTATION

Eric Adams
Projects Director
Carlton Power

12:00 -> 12:15 -> PANEL DISCUSSION
Highlighting the Progress and Vision for the
Trafford Green Hydrogen Project

Eric Adams
Projects Director
Carlton Power

Amer Gaffar
Director
Manchester Fuel Cell Innovation Centre

12:15 -> 12:30 -> PRESENTATION
Hydrogen within Fleet Operations

Robert Evans
CEO
CENEX

12:30 -> 12:45 -> PRESENTATION
Vauxhall Vivaro Hydrogen UK Fleet Trials

Brad Miller
Head of LEV (Hydrogen lead for UK)
Vauxhall

12:45 -> 13:00 -> PANEL DISCUSSION

Making Hydrogen Vans a Viable Alternative for Fleet Managers

Robert Evans
CEO
CENEX

Brad Miller
Head of LEV (Hydrogen lead for UK)
Vauxhall

13:00 -> 14:00 -> LUNCH

14:00 -> 15:30 -> SESSION THREE

MODERATOR:

Steve Freeman
Director
RCG

14:00 -> 14:15 -> PRESENTATION

Updates from Tevva Trucks

Harsh Pershad
Head of Hydrogen
Tevva Trucks

14:15 -> 14:30 -> PRESENTATION

Updates from H2X

Bill Moss
Strategic Advisor - Sales & Marketing (EMEA)
H2X Global Ltd

Ian Thompson (Virtual)
CTO
H2X Global Ltd

14:30 -> 15:00 -> PANEL DISCUSSION
Developing Infrastructure to Support the
Hydrogen HGV Roll-Out

Scott Chudleigh
Hydrogen Business Development Manager
BOC

Bill Moss
Strategic Advisor – Sales & Marketing (EMEA)
H2X Global Ltd

Harsh Pershad
Head of Hydrogen
Tevva Trucks

15:00 -> 15:15 -> PRESENTATION
Highlighting the Importance of Hydrogen Buses

Patrick Warner
Lead Officer, Bus Decarbonisation – Hybus Project
Liverpool City Region Combined Authority

15:15 -> 15:30 -> PRESENTATION
UK's First Custom-Built Hydrogen Waste
Collection Vehicle

Jonathan Edwards
Director of Operations – Place Services
St Helens Council

15:30 -> 16:00 -> PANEL DISCUSSION

**Planning, Delivering and Managing Public Sector
Hydrogen Fleets**

Patrick Warner

Lead Officer, Bus Decarbonisation - Hybus Project
Liverpool City Region Combined Authority

Jonathan Edwards

Director of Operations - Place Services
St Helens Council

Billy Mcfie

Commercial Director
Alexander Dennis Limited

Gerry Brough

Director
Place Development Consultancy Services

16:00 -> END OF CONFERENCE

16:00 -> 17:00 -> COFFEE NETWORKING

17:00 -> END OF FOFESIGHT HYDROGEN LIVE
